COUNTRY LIAISONS IN ACTION: PROMOTING EMEUNET

EMEUNET: A GROWING COMMUNITY

Dear young rheumatologists and researchers in rheumatology,

We are happy to present to you a new edition of the Country Liaison Newsletter. Our team in the Country Liaisons subgroup works closely with the ambassadors of EMEUNET in the EULAR countries, the Country Liaisons, in order to promote and expand the EMEUNET network and reach enthusiastic young rheumatologists interested in research. The Country Liaisons are a vital pillar of our community. The activities that they organize in their countries and the fellow networks they build support the development of young rheumatologists and their access to the educational and professional opportunities offered by EMEUNET/EULAR. In this newsletter, you can get to know the Country Liaisons and see snapshots from the activities they organized. We also have the pleasure to introduce our new Country Liaisons, who have taken the challenge and joined the team. We warmly thank all our current as well as former Liaisons for their wonderful and inspiring work! We are looking forward to this year's Country Liaison meeting during the EULAR Congress in London. If this is the first time that you hear about EMEUNET and/or the Country Liaisons, we invite you to read this newsletter and join us! Find your national Liaison, get in contact with him/her or directly speak to any EMEUNET member and become an active member of EMEUNET! The Country Liaisons rotate every 2-3 years, you could be next! We appreciate everyone's enthusiasm and willingness to support EMEUNET's initiatives, and we hope you enjoy reading this Newsletter. Questions or comments are always welcomed!

On behalf of the Country Liaison Subgroup,

Elena Nikiphorou, Alessia Alunno, Marlies van der Goes, Marcin Milchert, Anna Moltó, Ania Olewicz-Gawlik, Valentina Vardanyan, Mary Canavan and Rucsandra Dobrota

On behalf of the Newsletter Subgroup,
