ACR DO NOT MISS

ACR 2017 SAN DIEGO

**ORAL PRESENTATIONS
AND POSTERS**

**MENTOR/MENTEE
MEETINGS**

NETWORKING EVENT

WORLD ARTHRITIS DAY

ISSN 2521-7852

Dear young rheumatologists and researchers in rheumatology,

We are happy to present you a new issue of EMEUNews with a selection of not to be missed abstracts at this year's ACR annual meeting.

The ACR congress is one of the largest scientific events in rheumatology. As this year's congress is fast approaching, we provide you with a selection of oral presentations and posters that we consider to be noteworthy. This selection is a personal one by the contributors and cannot possibly hope to capture all of the exciting new research to be presented, however, we hope it provides an overview of some interesting sessions.

In addition, this Newsletter contains details about EMEUNET events organized during the Congress.

EMEUNET is now active on social media channels such as Facebook and Twitter, while maintaining the traditional website and the important personal physical presence at major rheumatology events.

If this is your first contact with EMEUNET, we invite you to explore more, and join us. If you are already part of our community, we kindly remind you that sharing is caring. Spread the word about our activities and work, and help us reach more young rheumatologists and researchers.

We hope you enjoy reading this Newsletter. We always welcome feedback, comments, suggestions, and contributions.

We wish you a prolific and successful ACR 2017.

See you in San Diego!

Gonçalo Boletto and Richard Conway, on behalf of the Newsletter Subgroup
