EDITION DECEMBER 2017

ACR 2017 HIGHLIGHTS

ACR 2017 SAN DIEGO

- Oral presentations and posters
- Mentor/Mentee meetings
- Networking event

EDUCATIONAL EVENTS

ACR/EULAR EXCHANGE PROGRAM

ISSN 2521-7852

Dear young rheumatologists and researchers in rheumatology,

We are delighted to present you with a new issue of EMEUNews detailing some highlights from this year's ACR annual meeting.

The ACR 2017 Congress was a fascinating scientific event and in this issue we provide a selection of oral presentations and posters that have been presented in the various clinical and research areas of our discipline. The selection is by its nature personal and therefore incomplete, but hopefully provides an overview of hot topics that have been discussed in each area.

We have included details of the events organized by EMEUNET, including the EMEUNET business meeting where we discussed the activities and programs of our subgroups, and the EMEUNET networking event.

EMEUNET is active on social media channels such as Facebook and Twitter, as well as maintaining the traditional website and the important physical (and personal) presence at major rheumatology scientific events.

If this is your first contact with EMEUNET, we invite you to explore more and join us. If you are already part of our community, we kindly remind you that sharing is caring. Spread the word about our activities and work, and help us reach more young rheumatologists and researchers.

We hope that you enjoy reading this newsletter and would be happy to receive any comments or contributions for future issues.

We wish you relaxing and pleasant Christmas holidays.

*Md Yuzaiful Md Yusof and Richard Conway
on behalf of the Newsletter Subgroup*
