EDITION OCTOBER 2016

ACR DO NOT MISS

ACR 2016 WASHINGTON

- Oral presentations and posters
- Mentor/Mentee meetings
- Networking event

EDUCATIONAL EVENTS

WORLD ARTHRITIS DAY

Dear young rheumatologists and researchers in rheumatology,

We are happy to present you a new issue of EMEUNews about the Do-Not-Miss Topics of this year's ACR annual meeting.

The ACR congress is one of the largest scientific event in Rheumatology. As it is now approaching, we provide a selection of oral presentations and posters that we consider to be noteworthy. Albeit this is a limited way of looking at the numerous scientific releases at ACR 2016, it might provide an overview of hot topics in each field of Rheumatology. From this issue we also included the new topic "Rare and autoinflammatory diseases".

In addition, this Newsletter contains details about EMEUNET events organized during the Congress.

EMEUNET is now active in social media hubs such as Facebook and Twitter, while maintaining the traditional website and the important physical (and personal) presence at major Rheumatology scientific events.

If this is your first contact with EMEUNET, we invite you to explore more and join us. If you are already part of our community, we kindly remind you that sharing is caring. Spread the word about our activities and work, and help us reach more young rheumatologists and researchers.

We hope you enjoy reading this Newsletter. We always welcome feedback, comments, suggestions and contributions.

We wish you a prolific and successful ACR 2016

See you in Washington!

*Richard Conway, Antonis Fanouriakis and Alessia Alunno
on behalf of the Newsletter Subgroup*
