COUNTRY LIAISONS IN ACTION: PROMOTING EMEUNET

EMEUNET: A GROWING COMMUNITY

Dear young rheumatologists and researchers in rheumatology,

We are happy to present you with a new edition of the Country Liaison Newsletter. A new issue of the Country Liaison Newsletter being released means another year full of activities organized by the Country Liaisons. The EMEUNET Country Liaisons are the representatives of EMEUNET at the national level in the EULAR countries. As our 'ambassadors', they are the link between the EMEUNET Working Group and the EMEUNET members; as our voice at the national level, they are a crucial pillar for the EMEUNET community. Through their continuous promotion of EMEUNET, they are not only contributing to the success of this network in terms of increasing membership, but also to the success of young rheumatologists and researchers accessing the top opportunities for research and training across Europe, offered by EMEUNET/EULAR. In this newsletter, you can meet our Country Liaisons and see snapshots from the various activities they organized in their countries. We also have the pleasure to introduce our new Country Liaisons, who have recently joined our network, and we highlight the outstanding contribution of particular Country Liaisons. We look forward to meeting you all at the upcoming Country Liaison meeting during the EULAR Congress in Amsterdam (June 14th, 17.00-18.00h). If this is the first time that you have heard about EMEUNET and/or Country Liaisons, we invite you to read this Newsletter and join us! We warmly thank all our current, as well as former Country Liaisons, for their wonderful and inspiring work! Finally, this Newsletter would not have been possible without the dedication of our colleagues from the Country Liaison Subgroup.

We hope you enjoy reading this newsletter. Questions or comments are always welcome!
