Dear young rheumatologists and researchers in rheumatology,

We are happy to present you the new issue of the EMEUNews Press Review.

The Press Review is released three times a year and aims at providing you with an overview of most relevant articles published both in top rheumatology journals and in most important general medicine journals during the previous 4 months.

The selection is totally personal and therefore very limited and incomplete, but it still might give an overview of hot topics that have been discussed and investigated in the most recent literature.

In this issue you will also find details about upcoming educational events.

If this is your first contact with EMEUNET, we invite you to explore more and join us via our website (<http://emeunet.eular.org>). If you are already part of our community, we kindly remind you that sharing is caring. Spread the word about our activities and work, and help us reach more young rheumatologists and researchers.

We hope that you enjoy reading this Newsletter and would be happy to receive any comments and suggestions for future issues.

*Richard Conway and Alessia Alunno  
on behalf of the EMEUNET Newsletter Subgroup*
