EDITION MARCH 2019

SPECIAL EDITION: COUNTRY LIAISONS

- MEET THE COUNTRY LIAISONS
- COUNTRY LIAISONS IN ACTION: PROMOTING EMEUNET
- EMEUNET: A GROWING COMMUNITY

Dear young rheumatologists and researchers in rheumatology,

In the year of the 10th EMEUNET Anniversary, we are happy to present a new edition of the Newsletter devoted to the EMEUNET Country Liaisons. The Country Liaisons are the representatives of EMEUNET in each country and are in charge of promoting an active network of rheumatologists, fellows and researchers. Notably, in 2018 EMEUNET has reached the number of 2000 members! The Country Liaisons have also to be acknowledged for this important achievement. Thanks to their continuous effort, young rheumatologists, researchers and fellows are invited to join EMEUNET. Furthermore, the Country Liaisons continuously disseminate EMEUNET and EULAR initiatives, particularly mentorships, job opportunities, educational activities and courses. The Country Liaisons form the bridge between EULAR and the national rheumatology societies or young rheumatology societies in their respective countries. This edition of the newsletter was drafted by the EMEUNET members in the Country Liaisons subgroup, who worked together and supported our Country Liaisons. In this issue, we have the chance to introduce all Country Liaisons and the new Country Liaisons, and to thank the former ones! We will also present the promotional activities they organised in European countries during the past year. The Country Liaisons gather every year during the EULAR Congress, which will be held in Madrid this year. We look forward to meeting you there!

We hope you enjoy reading our Newsletter and do not hesitate to contact us for further information!
