SPECIAL EDITION THE COUNTRY LIAISONS

- MEET THE COUNTRY LIAISONS - COUNTRY LIAISONS IN ACTION: EMEUNET PROMOTION - EMEUNET: A GROWING COMMUNITY - THE YOUNG EUROPEAN NATIONAL RHEUMATOLOGY ORGANISATIONS
- IMPORTANT INFORMATION ABOUT COVID-19

Dear young rheumatologists and researchers in rheumatology,

We are proud to present the 2020 edition of the Newsletter devoted to the EMEUNET Country Liaisons. The Country Liaisons are the representatives of EMEUNET at the national level and are in charge of promoting the networking of young rheumatologists, fellows and researchers and of continuously disseminating EMEUNET and EULAR initiatives. The Liaisons work jointly with the EMEUNET Country Liaisons subgroup and promote EMEUNET during national events and on social media. They are the bridge between EMEUNET and the national rheumatology societies in their respective countries.

In this issue we will introduce all Country Liaisons and report their activity in the past year, including the Country Liaisons Meeting during EULAR 2019. Importantly, for the first time we will present a project conducted in collaboration with the EMEUNET Visibility & Global Affairs and Newsletter Subgroups. The project aims at improving our knowledge about young national and international rheumatology organisations and at establishing a good contact for future collaborations. In this issue we will start by presenting the young national rheumatology organisations in Europe.

These are challenging times for many in our community, due to the recent COVID-19 (coronavirus disease 2019) outbreak. We have added an overview of all information released by EULAR on this matter on the next page, which might be helpful for you and your colleagues.

We hope you enjoy reading the Newsletter, and stay safe!

Francesca Ometto
on behalf of the Country Liaison Subgroup

Tadeja Kuret and Casper Webers
on behalf of the Newsletter Subgroup
