OCTOBER 2021

Dear young rheumatologists and researchers in rheumatology,

We are happy to present you a new issue of EMEUNews with a selection of not to be missed abstracts at this year's ACR virtual annual meeting.

In this newsletter, we provide you with a selection of oral presentations and posters, thoughtfully picked by our contributors, that we consider being noteworthy. The selection is personal and limited and cannot capture all of the exciting new research to be presented. However, we hope it provides an overview of some interesting sessions.

In addition, this Newsletter contains details about EMEUNET events organized during the Congress.

EMEUNET is active on social media channels, such as Facebook, Twitter and LinkedIn, in addition to our website and the dynamic presence in all major rheumatology events.

If this is your first contact with EMEUNET, we invite you to explore more, and join us. If you are already part of our community, we kindly remind you that sharing is caring. Spread the word about our activities and work and help us reach more young rheumatologists and researchers.

We hope you enjoy reading this Newsletter. We always welcome feedback, comments, suggestions, and contributions.

We wish you a prolific and successful ACR Convergence 2021. Stay safe, and see you online!

Tadeja Kuret, Diego Benavent and Mikhail Protopopov on behalf of the Newsletter Sub-Committee

CONTENTS

ACR 2021: ORAL PRESENTATIONS & POSTERS

Basic Research I	3
Basic Research II	4
Rheumatoid Arthritis I	5
Rheumatoid Arthritis II	6
