- Oral presentations and posters
- “The young rheumatologist” sessions
  - Activities and get together
  - Mentor/Mentee meetings
- EULAR-EMEUNET Ambassador Programme
  - 5th Country Liaison Meeting
  - Educational Events

## Dear young rheumatologists and researchers,

We are delighted to present to you a new issue of EMEUNews focusing on a selection of Do not Miss abstracts, sessions and events at EULAR 2018.

The EULAR congress is the largest scientific event in rheumatology. As it is now fast approaching, we provide a selection of interesting oral presentations and posters chosen by EMEUNET Working Group members. We also include selections from health professionals in rheumatology and PARE members. Although this is a limited selection of the vast array of new scientific information to be presented at the meeting, we hope that the selections will provide some inspiration to attendees.

This newsletter also contains details about exciting networking events and opportunities organised by EMEUNET during the Congress.

As always EMEUNET will be highly visible at EULAR, come visit our booth at the EULAR Village to meet us and get more information. In addition to our physical presence at EULAR, EMEUNET will also be active on social media including Facebook and Twitter during the Congress, check out our pages for more information.

If this is your first contact with EMEUNET, we invite you to explore more and join us. If you are already part of our community, we kindly remind you that sharing is caring. Spread the word about our activities and work, and help us reach more young rheumatologists and researchers.

We hope you enjoy reading this newsletter. We welcome all feedback, comments, suggestions, and contributions.

We wish you a prolific and successful EULAR 2018. See you in Amsterdam!

*Yuzaiful Md Yusof, Antonis Fanouriakis, and Richard Conway,  
on behalf of the Newsletter Subgroup*
