ONE YEAR IN REVIEW: ALL ABOUT EMEUNET MAY 2017-MAY 2018

Dear young rheumatologists and researchers in rheumatology,

We are delighted to present you with a new issue of EMEUNews to summarize the activities of EMEUNET over the past year.

The EMEUNET Working Group represents the EMEUNET Community, undertakes the organisational role, and is divided among 7 Subgroups to cover the wide aims of EMEUNET. From education to peer mentoring, from country liaison to social media, EMEUNET Subgroups ensure the growth of the EMEUNET community and promote interaction and networking among members.

If you would like to join the EMEUNET Working Group and be actively involved in the Subgroups' activities keep an eye on emails from EMEUNET and do not miss the next call for applications! If you have already applied but were not selected, this does not preclude you from applying again. And while you are a regular EMEUNET member your contributions to EMEUNET are also very welcome. Be pro-active and come up with an idea for a project to be undertaken within EMEUNET. Send us your idea, it will be highly appreciated, and you can be part of the implementation.

If this is your first contact with EMEUNET, we invite you to explore more and join us via our website (<http://emeunet.eular.org>). If you are already part of our community, we kindly remind you that sharing is caring. Spread the word about our activities and work and help us reach more young rheumatologists and researchers.

We hope that you enjoy reading this issue of the Newsletter and would be happy to receive any comments or contributions for future issues.

*Antonis Fanouriakis and Richard Conway,
on behalf of the EMEUNET Newsletter Subgroup*
